POOL PUMP **AQUAGEM®** INVERWARRIOR

InverWarrior is one of the best pool pumps and also the most energy-saving pool pump on the market. InverSilence technology is developed by Aquagem for the most silent and saving pump solutions. It combines with full DC inverter technology, volute hydraulic system and DC brushless motor, not only allows the pump to run intelligently between 30~100% capacity to fulfill different application like filtration and backwash, but also reduces the sound level by more than 30 times and saving energy up to 90%.

Full DC Inverter

Volute hydraulic system

DC Brushless motor

TECHNICAL PARAMETER

MODEL	IH20	IH24	IH30
Advised pool volume (m³)	30-50	40-70	50-80
P1 (kW)	0.07-0.77	0.08-1.05	0.09-1.40
Voltage	220-240 / 50 / 60		
Qmax (m³/h)	24.3	26.7	30.1
Hmax (m)	12.1	14.6	17.5
Q at 8m (m³/h)	6.0-19.9	7.4-24.8	9.0-30.1
Q at 10m (m³/h)	4.4-14.6	6.4-21.3	7.9-26.2
